

MADE FROM 11-GAUGE U.S. STEEL
WITH 1.75X.120-INCH WALL TUBING

« FAB FOURS

Fab Fours' Newest Ultra Light Hybrid Bumpers, the Aero Series, combines tube and plate steel. These premium bumpers are lightweight (only 45 pounds), offering a sleek aerodynamic design with their signature Fluted Castles while providing optimal tire clearance. Engineered to retain the factory skidplate and have a center cutout for Rigid Industries 20-inch LED lightbar. The fit of this bumper is high and tight and perfectly follows the vehicle's body lines. Available in a no-guard or prerunner guard option and black powder-coating or bare steel.

PREVAL »

The Preval spray system allows consumers to take any paint, coating, or lacquer and turn it into a spray, offering convenient and effective results for the professional and DIY user. Preval's products provide versatility by delivering both ultra-thin and thick coatings, allowing users to achieve professional level results time after time, while maintaining a low environmental impact.
